*Preparing service

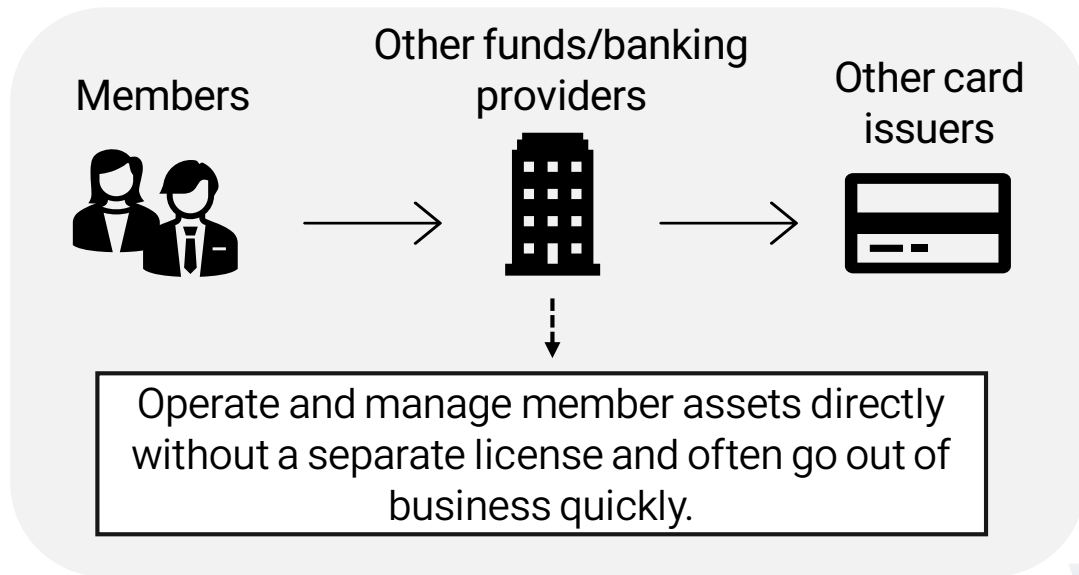

Meet our key allies and partners

“ ARON WIRE LIMITED, the developer of Demeter Pay, is headquartered in the UK with offices in Japan. They have a close partnership with Finmo, and SurimDX is the publisher of the innovative Demeter Card, which was developed by ARON WIRE LIMITED. ”

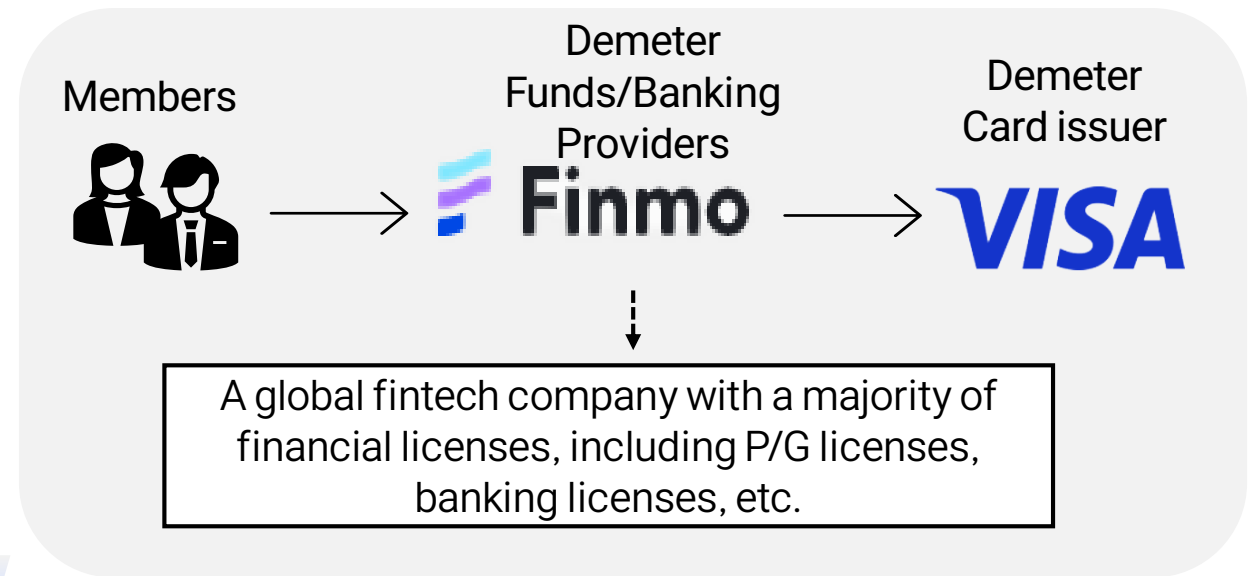

Safety of funds

[Third-party crypto cards]

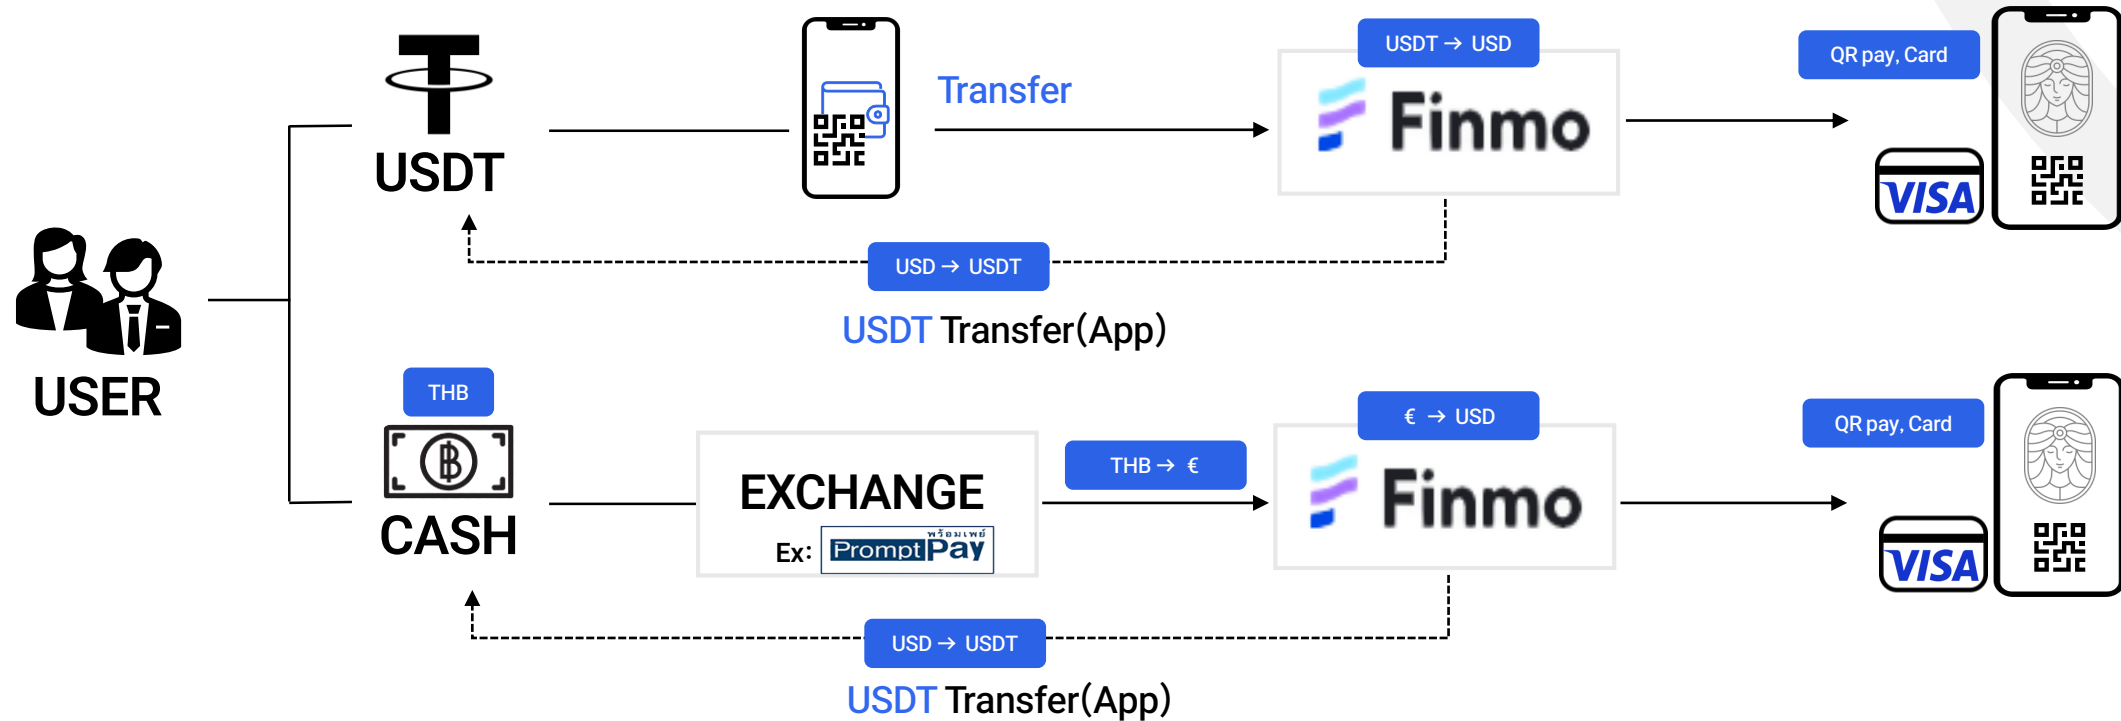

[Demeter card]

Unlike others, Demeter offers a more secure financial structure, with funds managed by a financially licensed entity.

Fund flow process

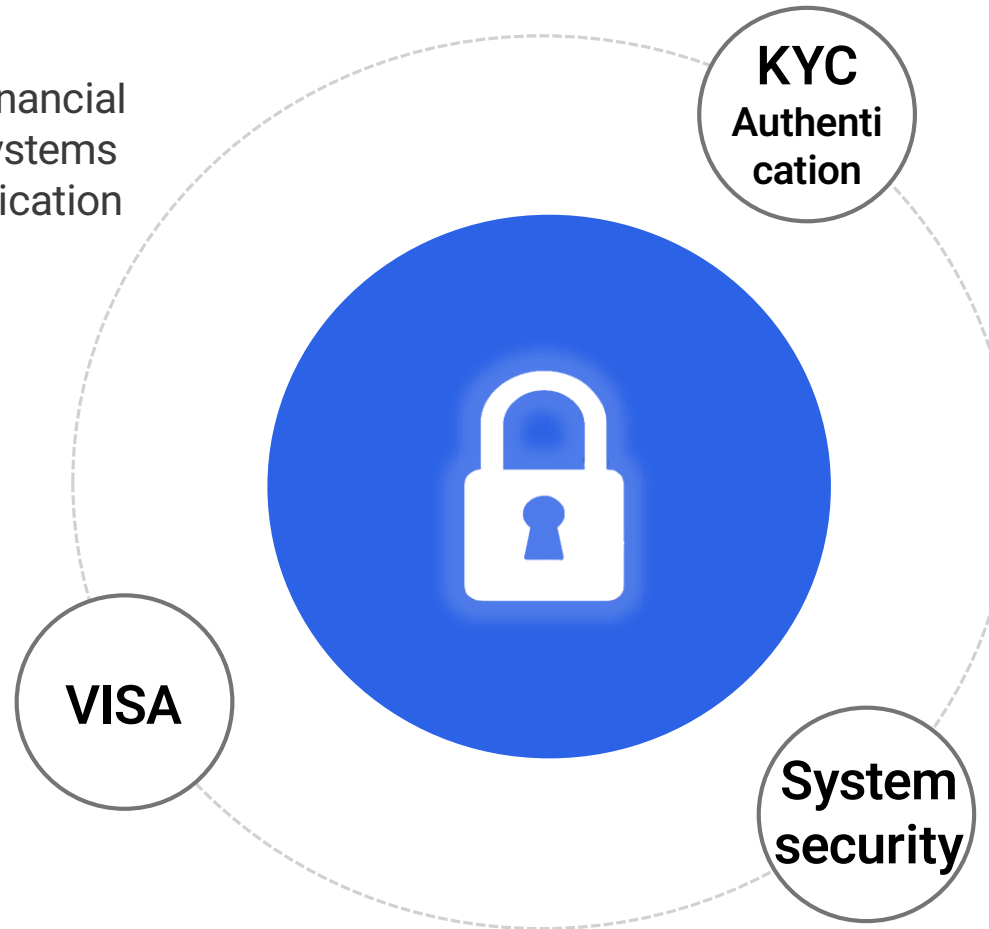

(24' OCT basis)

Security system

Ensure the stability and reliability of financial transactions with effective security systems through superior security and authentication

One of the world's largest payment networks offers 'Visa Secure' 3D secure authentication system

When issuing a card, KYC authentication is used to verify the user's identity and create a secure financial transaction environment.

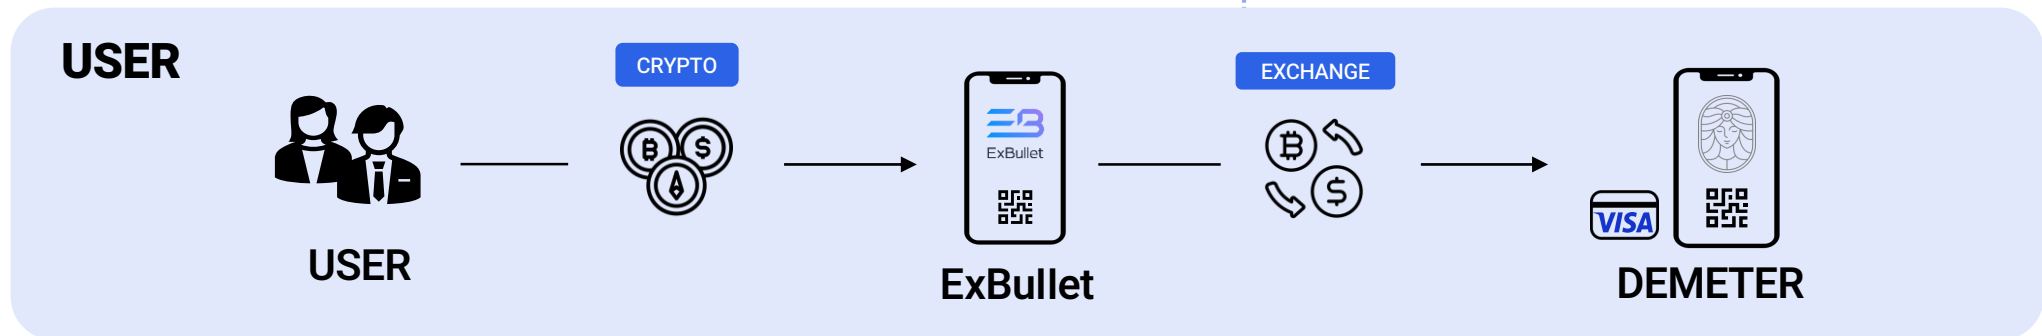

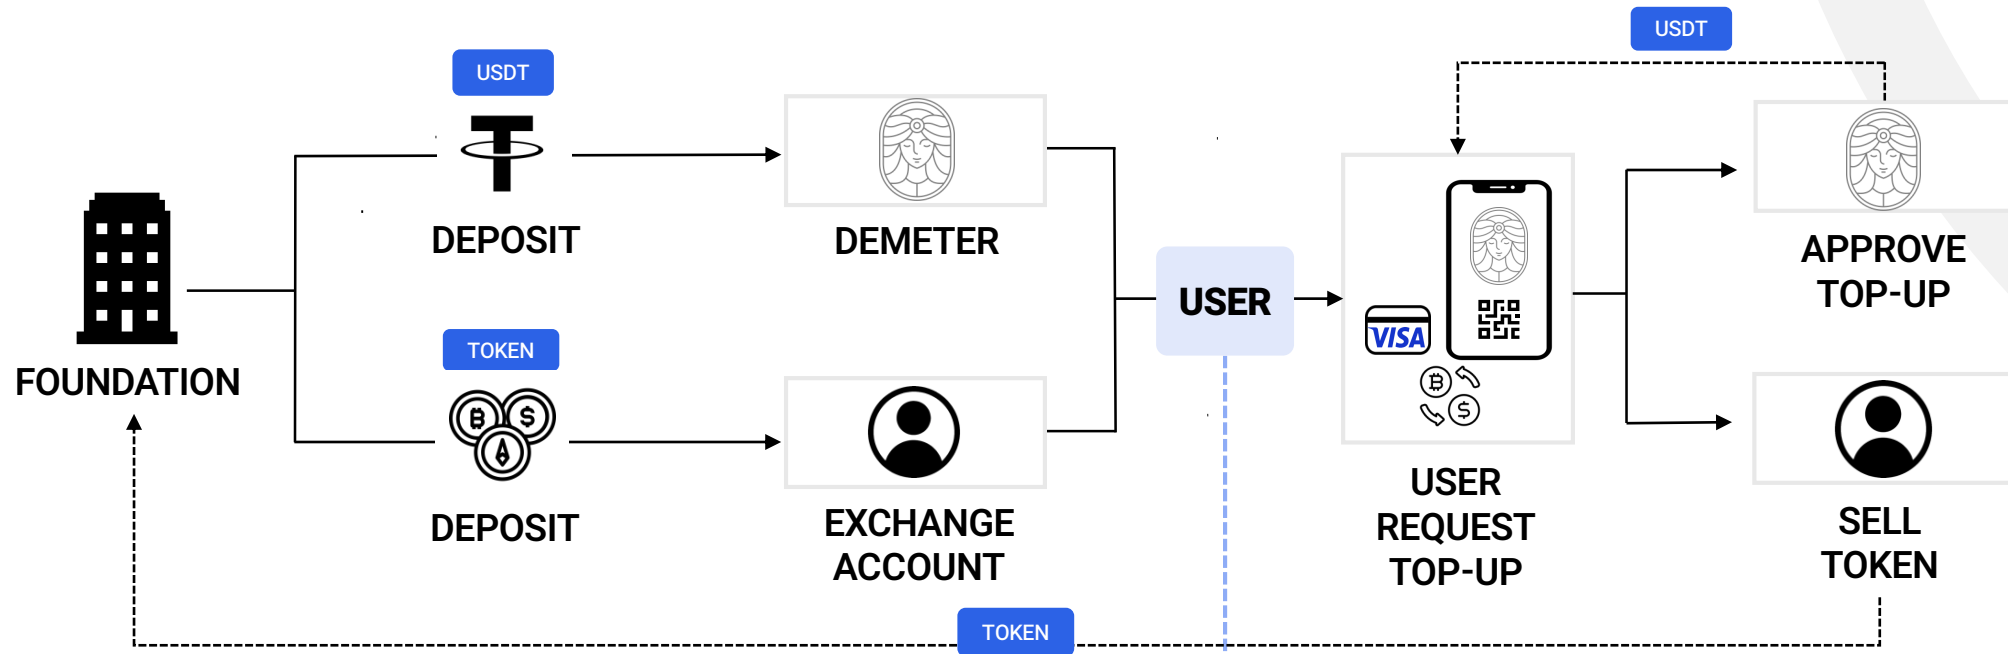

Apply the latest encryption technologies and multi-factor authentication systems to protect user data and prevent unauthorized access
